

AG-SPREAD

Bulk Commodity Trans

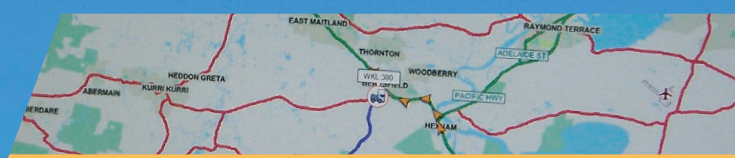

Ag-Spread has B Double and Road Train units with the ability to move large quantities of freight weekly, placing our company in a unique position in the market place.

With mass, maintenance and fatigue management we are able to move your freight professionally therefore fulfilling many of your road freight requirements.

Our vehicles are fitted with GPS tracking and have electronic data transfer for immediate load documentation.

All operators have completed an extensive induction and training program plus completed fatigue management courses and have medical certificates fit for operation.

We are contactable 24 hours per day 7 days per week via email and or mobile phone.

676 Stratford Road, Maffra, Victoria 3860
